CLINICAL EXPERIENCE:

During my training years, I rotated through the various subspecialty units in my Department ranging from Fertility& Endocrinology, Perinatology, Oncology and Family Planning. This has afforded me the ability to perform a wide variety of Gynaecological surgeries such as Myomectomy, Abdominal Hysterectomy, Vaginal Hysterectomy and Pelvic Floor repair all of which I currently perform without supervision.

During this period also, I have also attained proficiency in a variety of surgical procedures such as Caesarean Section, Instrumental Vaginal delivery, assisted Breech Delivery, twin delivery to mention a few, as well as experienced in the management of various high-risk Obstetric cases such as DM in pregnancy, Cardiac disease in pregnancy, Sickle Cell Anaemia in pregnancy, among others. In addition, I have competence in electronic fetal monitoring and Obstetric and Gynaecological Ultrasonography.

I also played a vital role in both the Gynaecology Outpatient and the Antenatal Clinics of the unit, both routine and specialized care and counseling services to the patients.

I worked as a Supervising Consultant to Emel Specialist Hospital, Department of Obstetrics and Gynaecology where I coordinated the activities of the Department and performed several procedures listed above.

I presently serve as a Consultant in the department of Obstetrics and Gynaecology University of medical sciences teaching hospital, ondo. also with responsibilities of supervising and training both House-Officers and residents in the Hospital.

ADMINISTRATIVE/MANAGEMENT EXPERIENCE

As Chief Resident in OAUTHC, Ile-Ife I worked under the leadership of the Head of Department, Prof. O.B. Fasubaa (former) and Prof. O. Kuti (current) to coordinate various academic programmes in the Department. I currently coordinate the training of House Officers and residents in the department of Obstetrics and Gynaecology, University of medical science teaching hospital Ondo.

TEACHING EXPERIENCE

I have been involved together with other Senior Residents in the Department in the teaching and training of junior Residents in preparations for the part IFellowship Examinations since I became a Senior Registrar in 2009. I also occasionally gave Lectures to Medical Students on behalf of my Head of Department whenever I am called to do so. I currently teach and train both House Officers and Medical Officers in the State Specialist Hospital Ondo. I have also attended some courses on research methodology organized by Medical Professional bodies in the past which has helped in my research ability.
